OBJECTIVE

Final-year B.Tech student in Artificial Intelligence and Data Science with hands-on experience in python, web development, and workflow automation. Seeking an entry-level role where I can apply my technical skills to build scalable, user-focused solutions.

EDUCATION

Seshadri Rao Gudlavalleru Engineering College, Gudlavalleru, AP 2022 - 2026
Bachelor of Technology | Artificial Intelligence and Data Science | CGPA: 8.10 (ongoing)

Narayana Junior College, Gudiwada, AP 2020 - 2022
Intermediate | MPC | Percentage: 93.9 %

SKILLS

Programming	: Python , Java , C (Basic), JavaScript
Web	: HTML5 , CSS3, Responsive Design , Node.js
Databases	: SQL
Core CS	: Data Structures , Operating Systems
Tools & Automation	: Excel , n8n (Workflow Automation)
AI Technologies	: MCP (Model Context Protocol) , Generative AI
Soft Skills	: Team Collaboration & Leadership , Problem Solving , Time Management & Organization

PROJECTS

Multi Model Chatbot with Email Integration (MCP + SMTP):

- Developed a python based multi-model chatbot with SMTP email integration, supporting secure TLs communication and multi-turn , context- aware responses.

Smart Room Location System (HTTP Methods + JSON):

- Build a Python-based system to locate classrooms using text input.
- Achieved efficient data retrieval with structured JSON files.

Voice Enabled Weather Web Application (React.js + API Integration):

- Integrated OpenWeatherMap API for real-time weather updates.
- Implemented voice interaction using STT (Speech-to-Text) and TTS(Text-to-Speech).

INTERNSHIP

ServiceNow Administration | SmartBridge Educational Services (2 months ,2025)

- Worked on **ServiceNow Access Control and Workflow Management**, configuring users, roles, and permissions.
- Designed and implemented **Role-Based Access Control (RBAC)** to manage access for Project Managers and Team Members, ensuring secure and efficient workflows

ACHEIVEMENTS & ACTIVITIES

- Contributed to academic and cultural initiatives as **active member of Department Association.**
- Participated in **Smart India Hackathon 2023** ("Drone Painting " theme).
- Earned income through **online platforms** by designing posters and creative works.
- Secured 2nd price in **district-level Drawing Competition**.
